City of Woodland

ENVIRONMENTAL SERVICES

Residential
Backyard Compost Bin & Vermicompost Bin
Rebate Application

The City of Woodland is offering a **$100 rebate** to residents within city limits that purchase a backyard compost bin and/or a vermicompost bin between **March 1, 2012 and June 30, 2013**. Backyard compost bins provide a positive economical and environmental benefit by reducing yard waste in our streets and adding nutrients to our yards and gardens. Worm composting turns our kitchen scraps and organic materials into rich soil amendments for our house plants and gardens as well.

Funding for the program is limited; receipt of a rebate will depend on the availability of funds when your application is received. Rebate is for $100 per item, or if the item costs less than $100, then rebate is for the purchase price of the item. Maximum amount for this rebate is $200 per household. For confirmation of availability of rebates, please call 661-2050. Rebate applications are available at the address on the reverse side, at City Hall, or on the City website at www.cityofwoodland.org/rebates.

Application: (please print)

Name: _____ Phone: _____

Mailing Address: _____ Woodland, CA _____
(Street or PO Box) (Zip)

Item Purchased: (check one or more)

☐ **Backyard Compost Bin:**

Make and/or Model Number: _____
