

FOR MEMBER OF THE CITY COUNCIL

WILLIAM L. "BILL" MARBLE

Age: 61

Occupation: Family Dentist

Dear Neighbor:

My roots are here in Woodland. My wife and I raised our family here. I grew a business here. I care deeply about our community and its future.

I have always valued education and service. I graduated with degrees from Brigham Young University and Northwestern University Dental School. After graduation I served our country as a Captain in the U.S. Air Force. In 1981 I started a successful dental practice here.

During my service on the Council I've worked to improve public safety, to balance the city budget, and to establish a prudent reserve during a time of great fiscal uncertainty.

Most importantly, I've listened. And most frequently I hear that Woodland is a wonderful community and that we care about keeping it that way.

We need leadership that will work to:

- Preserve our community services for youth and seniors.
- Improve public safety.
- Bring new businesses and jobs to Woodland.
- Promote slow, responsible residential growth.
- Create partnerships to improve our schools and education.

I've worked hard to represent you on the Council. You deserve someone who values your voice and who listens. I hope I've earned your trust and confidence.

I respectfully request your vote.

/s/ William L. "Bill" Marble
