

Angel Barajas, 32, Trustee, Woodland Joint Unified School District

Having been born and raised in Woodland, I am deeply passionate and committed to our community. Both my parents worked in the fields of Yolo County, eventually retiring as local factory workers. I was taught to work hard and give back to my community. I attended Woodland public schools, eventually earning a Bachelor's degree in Government from CSU, Sacramento. During the last eight years, I have served Woodland residents in the following capacities:

- Trustee, Woodland Joint Unified School District
- Gubernatorial Appointee, Yolo County Fair Board
- Former Chairman for the Parks & Recreation Commission
- Woodland Community College Foundation Board

Today, the city is faced with many challenging issues. We will overcome these issues by prioritizing and working collaboratively with elected officials, community members, local agencies, and small businesses. I have the experience to bring people together. Below are the issues I will advocate as a City Council Member:

- Prioritize Public Safety
- Support Senior and Youth Services
- Advocate Balanced Growth
- Revitalize and Preserve Downtown
- Fulfill Commitments to the Spring Lake Area Project

I respectfully ask for your vote. For more information visit www.angelbarajas.com.
