

FOR MEMBER OF THE CITY COUNCIL

BOBBY HARRIS

AGE: 62

Occupation: Journalist / Community Advocate

Fellow Woodlanders,

City Council elections should occur in November, when most citizens vote.

However, Woodland City Council won't allow this, because it threatens their political control.

I respectfully request you make special efforts to: Vote Bobby Harris, the progressive candidate, demonstrating democratic values against this corrupt and unjustifiable, primary-election based scheme.

I am:

- > Woodlander since 1983,
- > First City Council candidate advocating Woodland Downtown revitalization (1990),
- > Knowledgeable about Woodland's political, social and economic context and challenges,
- > Advocate responsible for Woodland renters' right to display political signage,
- > Vigorously opposing outside developer Paul Petrovich's adverse influences upon Woodland,
- > Advocate for Woodland Latino voting rights,
- > Journalist (Yolo Sun – <http://yolosun.wordpress.com>) covering Woodland since 2008,
- > Independent of local political cliques exploiting our community,
- > Devoted community advocate.

Earlier, Woodland City Council sold-out our Downtown areas, allowing at least 8 ½ years to resolve environmental impacts of Gateway Center.

Recently, Woodland City Council colluded with Petrovich in violation of key state and local laws, approving development adverse to municipal interests. State appellate court opinion exposed sham environmental processes permitting subversion of our community interests and values.

These adverse trends must end.

Please display homemade political signs (4 square feet: Vote Bobby Harris) for this grassroots campaign to improve Woodland.

/s/ Bobby Harris
