

City of Woodland

REPORT TO MAYOR AND CITY COUNCIL

AGENDA ITEM

TO: THE HONORABLE MAYOR
AND CITY COUNCIL

DATE: July 21, 2009

SUBJECT: 2009 Road Rehabilitation (Economic Stimulus), CIP 07-45; Authorize the City Manager to Execute the Construction Contract

Report in Brief

This project will rehabilitate the pavement on County Road 102 between Hanson Way and E. Beamer Street. The project will utilize voter approved Measure E funds and federal American Reinvestment and Recovery Act (ARRA) funding.

The City Council authorized bidding of the project on March 17, 2009. Advertisement began on June 24, 2009 with bid opening scheduled to occur on July 28, 2009. Normally staff would schedule award of the construction contract for the next City Council meeting which will not occur until September. In order to construct the project prior to winter, staff is requesting that the City Manager be authorized to award the construction contract provided that the bid is within the approved total project budget of \$750,530.

Staff recommends that the City Council authorize the City Manager to execute the construction contract to the lowest, responsive, responsible bidder if bids are within the total approved budget.

Background

The ARRA was signed by President Obama on February 17, 2009. Approximately \$72 million in road funding is being distributed within the Sacramento Area Council of Government (SACOG) area. The funding is being distributed through pre-established mechanisms used to distribute annual funding. The City of Woodland's allocation is programmed for \$655,725. This amount was approved by the SACOG board on February 19, 2009.

Discussion

The project will rehabilitate the pavement on County Road 102 between Hanson Way and E. Beamer Street. The bid additive alternate will rehabilitate the pavement between E. Main Street and Hanson Way.

Staff submitted the required preliminary engineering and environmental clearance paperwork to Caltrans on February 10, 2009. Authorization to proceed was received from Caltrans on June 8, 2009.

Fiscal Impact

The project is fully funded by the American Reinvestment and Recovery Act and Measure E funds. The total project budget is \$750,530 consisting of \$655,725 of ARRA funds and \$94,805 of Measure E funding. These funds have been included in the FY 10 Capital Improvement Project budget. There is no impact to the General Fund.

Public Contact

Posting of the City Council agenda.

Recommendation for Action

Staff recommends that the City Council authorize the City Manager to execute the construction contract to the lowest, responsive, responsible bidder if bids are within the total approved budget.
