(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

It is further agreed that such insurance as is afforded by the policy for the benefit of the additional insureds shall be primary insurance, but only as respects any claims, loss or liability arising out of the Named Insured's operations and any insurance maintained by the additional insured shall be non-contributing.

The City needs an Accord Form showing an additional insured endorsement adding the City of Woodland to your policy, in the amount of at least \$2,000,000. This is different than a Certificate of Liability Insurance, which merely shows that you have an insurance policy. This is important in order to protect your organization and the City against any possible future litigation.
