	Rebate Details:			
2	Rebates are up to \$75 per barrel, not to exceed the total cost of the barrel and installation.			
	Up to two barrels may be rebated per property.			
	Eligibility:			
3	The residential property owner or tenant of property with the permission of the owner with an active and up-to-date City of Woodland utility account is eligible for a Rain Barrel Rebate.			
	The program begins on November 1, 2011. Only approved rain barrels purchased on or after that date will be eligible for a rebate.			
	▲ Applications must be received within 90 days of purchase. Funds are limited and all rebates are funded on a first-come, first-served basis. Rain barrel(s) must be installed before rebate will be given.			
	Arebates will be in an amount equal to the purchase price or \$75, whichever is less.			
	Customers must agree to make a good faith effort to keep the rain barrels for at least 3 years from the date of purchase and must agree to not use collected water for potable use.			
	◆ Rain barrels must be installed with a spigot and hose, overflow tube (directs overflow away from foundation), vector control (mosquito-proof screen under the lid), and a lid to seal the tank. If a mosquito-proof screen is not included in the rain barrel kit, it is your responsibility to install a screen with a minimum 18 x 14 mesh.			
	Customers agree to provide annual maintenance of the rain barrel and all components. A list of rebate recipients will be provided to the Sac-Yolo Mosquito & Vector Control District.			
	Rain barrels may be subject to random inspection.			
	Allow City of Woodland to reference this project and use photographs in outreach materials.			
	City of Woodland does not guarantee that installation and operation of water-efficient equipment will result in reduced usage or in cost savings.
