

Pool Closure Notice

The Charles Brooks Community Swim Center will be closed from December 19th through January 7th for required annual maintenance. City staff realizes the inconvenience this closure will have on user groups as well as the general public, and as such will work as diligently as possible to keep the closure to a minimum. The following are a sample of the maintenance activities that will be taking place during this time:

1. Draining of the pool
2. Re-lamping of damaged underwater lights
3. Inspect filter elements for defects
4. Pit valve flange replacement
5. Refilling and reheating of the pool
6. Installation and calibration of new chemical controller.

Thank you in advance for your understanding and patience during this required maintenance project.
